

Goals of the Idea of America Network

“A CALL FOR ACTION AND UNITY”

GOAL ONE: To advance the cause of the common good in our nation through education and civic-engaged debate on the fundamental values that formed our nation and are shaping our future.

GOAL TWO: Develop seminars and programs for the continuing education of civic-minded adults and college-university students that will be offered through local institutions, including colleges, universities, continued learning institutes, Churches, Synagogues, Mosques and other places of worship, civic groups such as League of Women’s Voters, book clubs, civic organizations, libraries and local senior centers.

GOAL THREE: Develop new programs for the learning of our values and our history for youth through creative after school programs, mentoring programs and other appropriate activities that enable our youth to learn from our past so that they can become engaged citizens in our future.
